Before You Begin

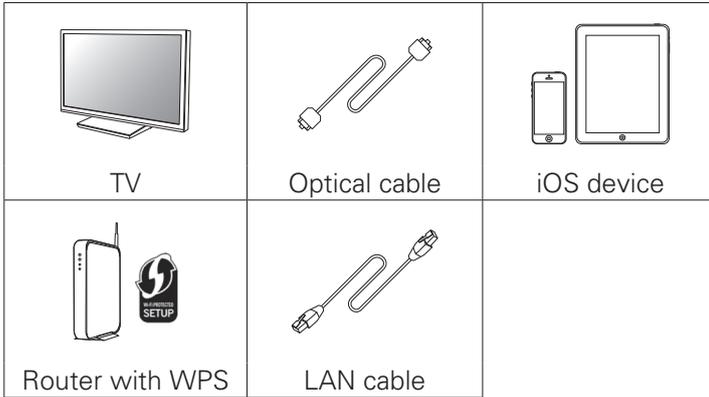

What's In the Box

Quick Start Guide		Power cord	
Safety Instructions		Network Integrated Amplifier	
Cautions on Using Batteries		Remote control unit (RC004PM)	
Notes on radio		R03/AAA batteries	
		External antennas for Bluetooth/wireless connectivity	

Required for Setup

 Speaker systems	 Speaker cables	 Router
--	---	---

Optional

- These drawings are for illustrative purposes only and may not represent the actual product(s).

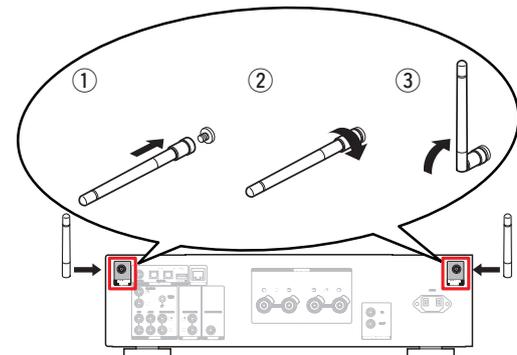

Important: External Antennas

The removable external antennas are required for both Bluetooth and Wireless network connectivity. Please make sure to connect the antennas before attempting to use the Bluetooth or Wi-Fi features of the PM7000N.

❑ Connecting the external antennas for Bluetooth/Wireless connectivity

For each of the two antennas:

- ① Place the antenna evenly over the antenna terminal located at the upper left or right corner of the rear panel.
- ② Turn the antenna clockwise until it is fully connected. Do not over tighten.
- ③ Rotate the antenna upwards for the best possible reception.

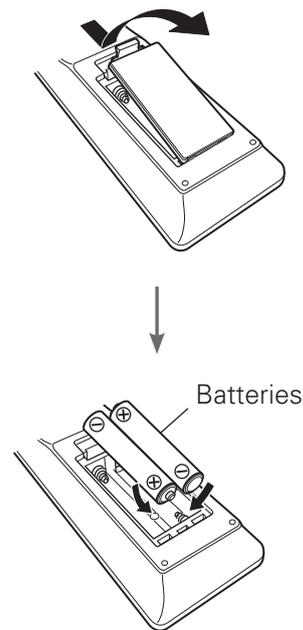

Setup

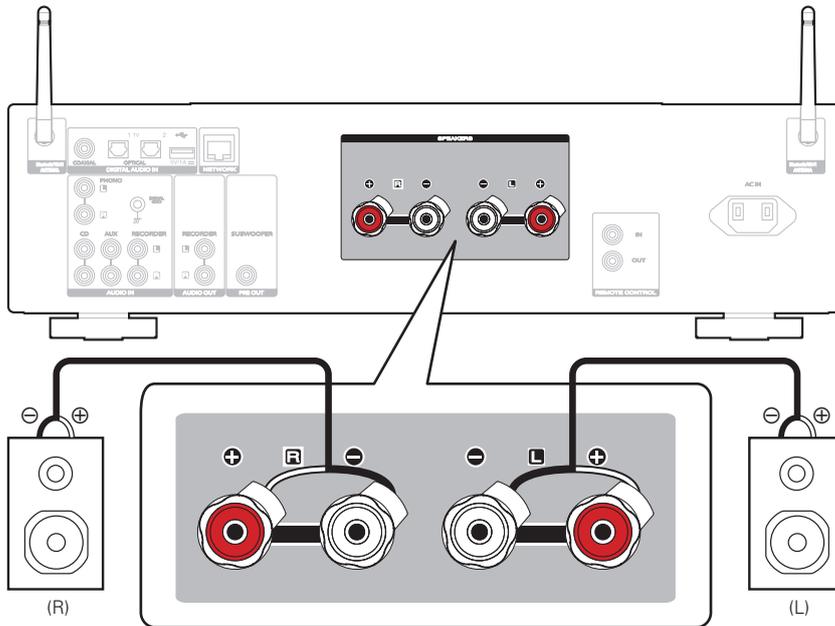

There are eight steps to the setup process.

1 Installing batteries in the remote control unit

- 1 Installing batteries in the remote control unit
- 2 Connect the speakers to the amplifier
- 3 Connect the TV to the amplifier (Optional)
- 4 Plug the power cord into a power outlet
- 5 Connect to the network
- 6 Enjoying your music!
- 7 Listening to sound from your TV
- 8 Download the HEOS App

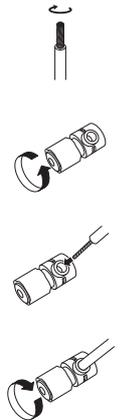

2 Connect the speakers to the amplifier

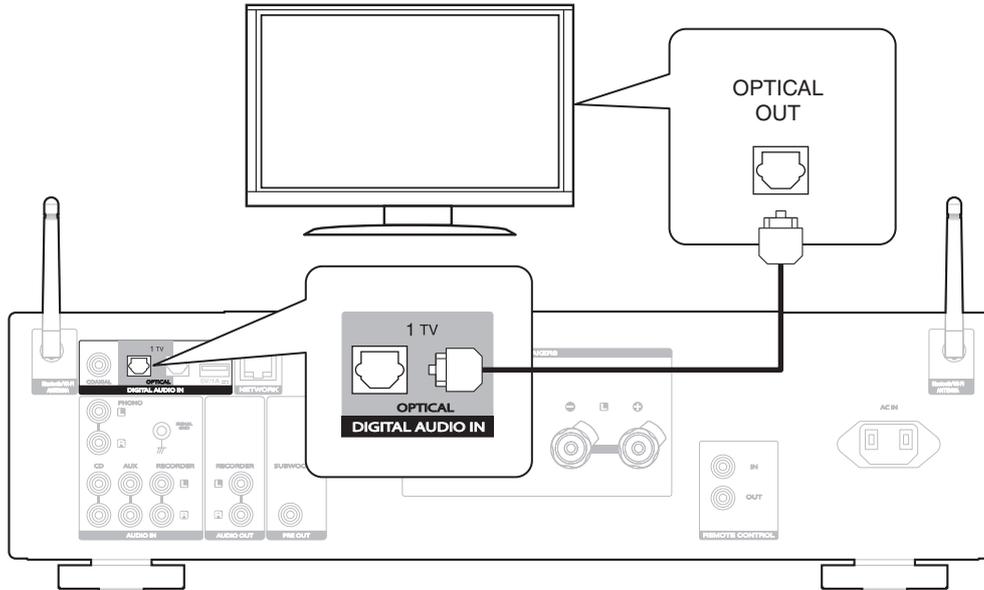

Connecting the speaker cables

- ① Peel off about 10 mm of sheathing from the tip of the speaker cable, then either twist the core wire tightly or apply solder to it.
- ② Turn the speaker terminal counterclockwise to loosen it.
- ③ Insert the speaker cable's core wire to all the way into the speaker terminal.
- ④ Turn the speaker terminal clockwise to tighten it.

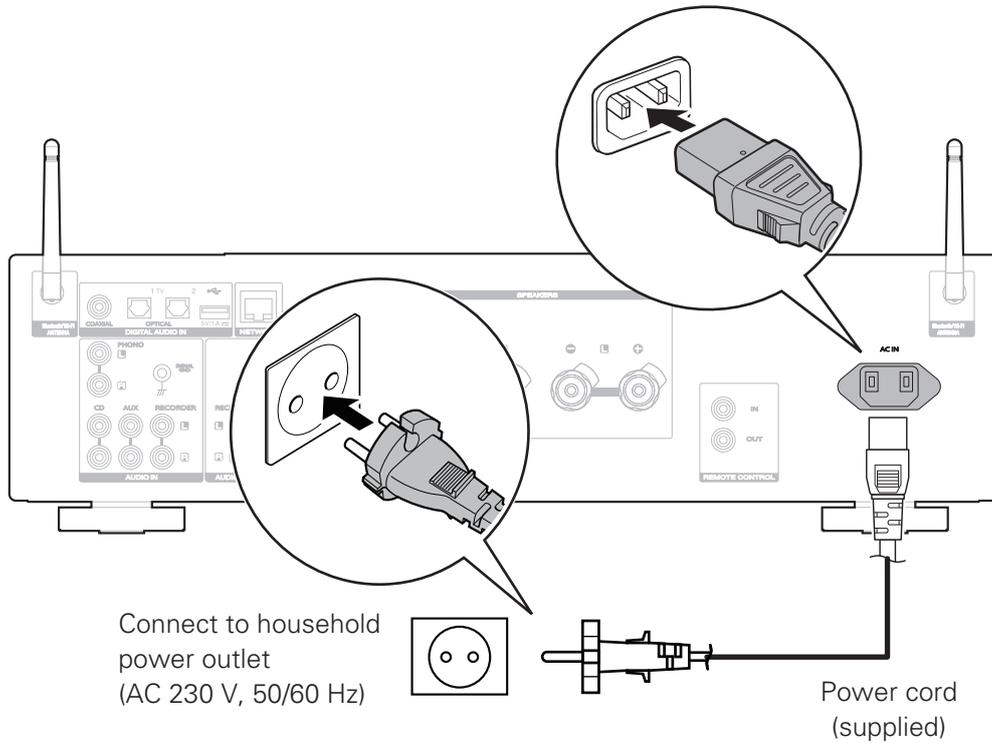

3 Connect the TV to the amplifier (Optional)

For high-quality TV audio, connect your TV to the amplifier's D/A input. Connect your TV to the amplifier as shown below.

- When connecting a TV to this unit, turn off the audio output of the TV's internal speakers. See the owner's manual of your TV for details.

4 Plug the power cord into a power outlet

5 Connect to the network

Choose from one of the following options.

Wireless	1 Power on.	2 Select language. (After selecting a language, please be patient while the network settings initialize. Expect to wait a few minutes.)	3 Make sure your iOS device is connected to your Wi-Fi Network. Select the network named "Marantz PM7000N" from the Settings/Wi-Fi screen on your device.
iOS device iOS version 7 or later			 
Router without WPS button			3 Select "Wi-Fi - scan" and wait as your PM7000N looks for available networks.  
WPS router			3 Select "WPS Router".  

Wired

- 1 Connect a network cable between your PM7000N and your router.
(cable not included)

- 2 Power on.
- 3 Select language.
- 4 Please wait while your PM7000N connects to your wired network.

Connected!

- 4 Follow the instructions and tap Next.

- 5 Please wait as completing the connection can take a few minutes.
(The front panel of the PM7000N will show the status of the connection.)

- 4 Select your network name.
(If your network name is not listed, select "Rescan".)

- 5 Enter your network password using the number keys on the remote control.

**Wi-Fi
Connected!**

- 4 Press the WPS button on your router. Within 2 minutes, press the ENTER button.

- 5 Please wait as completing the connection can take a few minutes.
(The front panel of the PM7000N will show the status of the connection.)

Press the ENTER button.

If the signal strength of your wireless network is weak, to improve reception, please turn the antenna on the back of your PM7000N or move your router to the PM7000N.

Network Control Setting

Select Network Control ON to control PM7000N from your smartphone, use Bluetooth/Apple AirPlay®/HEOS App and maintain constant network access. Power Consumption during standby power will be slightly higher.

Select Network Control OFF to reduce power consumption during standby. You can not turn on your PM7000N from your smartphone or use Bluetooth/Apple AirPlay/HEOS App until your PM7000N is powered on manually and connects to your network.

Auto-Update Setting

- 1 Turns on Auto-Update so that future updates are automatically downloaded and installed when your PM7000N is in standby mode.

Select "On" to turn on Auto-Update.

Select "Off" to turn off Auto-Update.

- 2 Sets the time zone that matches the area where you live.

Usage Data Setting

To help us improve our products and customer service, Marantz collects anonymous information about how you use your PM7000N. Marantz will never provide any information we collect to third parties.

Select "Yes" to provide information on the operating status of this unit.

Select "No" to not provide information on the operating status of this unit.

Setup Complete!

6 Enjoying your music!

❑ Enjoying Internet Radio

- 1 Press **INTERNET RADIO**.
- 2 Select the station you want to play, then press **ENTER**.
- 3 Select **"Play Now"**, then press **ENTER**.

❑ Enjoying music using Apple AirPlay

- 1 Open Control Center (iOS 7 and later) by swiping up from the bottom of your screen, then tap AirPlay.
[Example] iOS 12 
[Example] iOS 9 
- 2 Select the **"Marantz PM7000N"** from the AirPlay Device list.

- 3 Play the song on your iPhone, iPod touch or iPad.

❑ Enjoying music using Bluetooth

1 Press Bluetooth to select Bluetooth.

When using for the first time, the unit will go into the pairing mode automatically and “Bluetooth Pairing Mode” will appear on the display of the unit.

2 Activate Bluetooth on your mobile device.

3 Select “Marantz PM7000N” from the Bluetooth device list on your mobile device.

4 Play music using any app on your device.

- To pair with other Bluetooth devices, press and hold Bluetooth on the remote control until “Bluetooth Pairing Mode” is displayed on the unit.

7 Listening to sound from your TV

Equipped with an automatic audio playback function. This starts after the amplifier automatically turns on when the power of a TV that it is digitally connected to is turned on. To use this function, follow the steps below to turn it on. (Default: Off)

1 Press **SETUP**.

You can see the following on the display.

2 Use Δ / ∇ to select **"General"**, then press **ENTER**.

3 Use Δ / ∇ to select **"TV Input"**, then press **ENTER**.

4 Use Δ / ∇ to select **"Auto-Play"**, then press **ENTER**.

5 Use Δ / ∇ to select **"On"**, then press **ENTER**.

6 Press **SETUP** to exit the setup menu.

- Make sure this unit's input is set to the optical input the TV is connected to.
- Make sure the digital output of the TV is set to PCM audio and not bitstream, Dolby or multichannel.

8 Download the HEOS App

The HEOS App lets you control your PM7000N from anywhere in your home. Use HEOS to explore, browse, and play music from many online streaming services or from your own music library.
