

MA310

5.2-channel 4K AV Receiver

Product Overview

The JBL MA310 is an AV Receiver that delivers extraordinary performance with 4K HDMI specifications for a supreme home cinema experience. Seamlessly integrate your smart TV or projector with 4 HDMI inputs and 1 output, plus ARC. With native 5-channel decoding of Dolby and DTS formats, the MA310 can deliver incredible cinema experiences. It is designed with a passion for music and movies, bringing both to life with true high fidelity. Additional music content can be accessed via Bluetooth. The MA310 features five channels of low noise Class D amplification for real world power to all channels.
